Subject: RoHS & REACH Compliance

Industrial Metals International Ltd., 2065 Fifth Avenue, Ronkonkoma, NY 11779 European Environmental Legislation – RoHS (EU) Directive 2015/863 Industrial Metals International Ltd. hereby certifies to the best of our knowledge based on the producing mill's test reports or other certification of compliance that our standard products are RoHS 3 compliant and do not exceed the designated levels of Lead, Cadmium, Hexavalent Chromium, Mercury, Polybrominated Biphenyls, Polybrominated Diphenyl Ethers, Bis(2-Ethylhexyl) phthalate, Benzyl butyl phthalate, Dibutyl phthalate or Diisobutyl phthalate legislated under the provisions of the European Parliament and Council Directive on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment ((EU) 2015/863) and regulations promulgated thereunder, collectively, the "RoHS Regulations.". This document also certifies to the best of our knowledge based on the producing mill's test reports or other certification of compliance that none of our standard products are subject to the European Union's regulation No. 1907/2006/EC concerning Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH). Therefore, our products comply with the guidelines stated in this directive, which contains 201 substances as of July 16, 2019. Please refer to the following link for the most current candidate list of substances: <http://echa.europa.eu/candidate-list-table> REACH - Article 3(3): Article: Means an object which during production is given a special shape, surface or design which determines its function to a greater degree than does its chemical composition (e.g. cold rolled coil, pipe, tubes and tube fittings, etc.). Articles are not governed by REACH and do not require registration. If you have any questions or concerns regarding any of this information, please feel free to contact me.

This document applies to all items listed in attachment A.

IML is committed to providing our customers with information regarding substances of concern in our products. We continually work with our suppliers to ensure that all pre-registration requirements are met and that they remain in full compliance with current and future REACH requirements.

Sincerely,

Matthew J. Reagan  
Industrial Metals International Ltd.  
President
